

EQL Policy on “Policies and Procedures”

Equestrian Qualifications GB Limited (EQL) is a subsidiary company of The British Horse Society. Although EQL stands alone in its remit to award equestrian qualifications the British Horse Society remains its Governing Body.

EQL has developed its own policies on matters relating specifically to the development, delivery and award of its qualifications or where there is potential for a conflict of interest. In cases where policies are generic, in relation to, for example governance, then EQL has adopted and/or adapted its Governing Body's (BHS) policies and procedures to avoid unnecessary duplication.

EQL staff will adhere to the policies and procedures as laid down from time to time by the British Horse Society
